

In order to enlarge the production capacity, enhance the science & technology investments, provide more speedy and superior services to customers, a new company has been established by the end of 2009 – Jinhua Weike Industrial & Trading Co., Ltd. The new company locates in Lingxiazhu industrial zone, with floor area 35000 sq.m., area of structure 45000 sq.m. The production has been increased greatly to satisfy the fast growing market demands. Our successes are attributed to the basic philosophy of quality first, customer priority, and technological innovation. We're the manufacturer, certificated by CE, UL, ISO9001:2000 QMS, RoHs, with many patents. Product quality meets EURO, U.S.A markets requirements. We're proud of brand DSZH(R). It has become the symbol of high quality and high cost performance. Meanwhile we are glad to serve our customers wholeheartedly. Thanks for choosing our products!

Products from this brand

Mini tube cutter (compact, angled head)

Category: Spare Parts

Compact, angled-head mini tube cutter from DSZH for cutting copper tubing in tight spaces.

Manifold gauge set with hoses (analog, blue case)

Category: Spare Parts

Analog manifold gauge set with color-coded hoses in a blue carrying case, for AC and refrigeration servicing.

R134a quick-connect service coupler, red (high side)

Category: Automobile

Red R134a quick-connect service coupler for the high side of automotive AC systems.

R134a quick-connect service coupler, blue (low side)

Category: Automobile

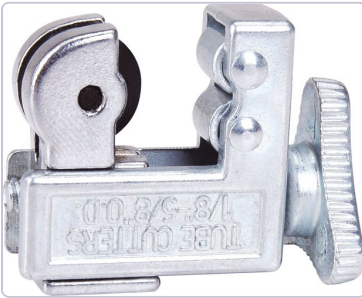

Blue R134a quick-connect service coupler for the low side of automotive AC systems.

Lever tube bender kit (multi-size interchangeable formers)

Category: Spare Parts

Lever-action tube bender kit with interchangeable, size-marked forming shoes in a blue case.

Mini tube cutter, 1/8"-5/8" O.D.

Category: Spare Parts

Mini tube cutter for 1/8"-5/8" O.D. tubing, sold in blister packaging.

Electronic refrigerant leak detector kit

Category: Spare Parts

Handheld electronic refrigerant leak detector kit with flexible probe, power adapter, and batteries.

Tube expander tool, 7-in-1, model WK-622 (for 1/4"-5/16" tubing)

Model: WK-622

Category: Spare Parts

WK-622 7-in-1 tube expander for 1/4"-5/16" tubing, ergonomic hinged handle.

Tube expander / swaging tool kit (ratchet handle, deburring tool, cutter)

Category: Spare Parts

Ratchet-handled tube expander kit with multiple swaging heads, deburring tool, and cutter.

Refrigerant charging valve pair, blue/red (brass ball-valve fittings)

Category: Spare Parts

A color-coded pair of brass ball-valve fittings (blue/red) for isolating refrigerant lines during charging and service.

Refrigeration pressure gauge pair, blue (low) / red (high)

Category: Spare Parts

A blue low-side / red high-side analog gauge pair with dual PSI/kg-cm² scales for refrigerant service.

Digital manifold gauge, model WK-6881 (single-valve, LC/HC color variants)

Model: WK-6881

Category: Spare Parts

A single-valve digital manifold gauge (model WK-6881) with an LCD display, available in blue (LC) or red (HC).

Tube expander / swaging tool kit (red-handle ratchet)

Category: Spare Parts

A ratcheting tube expander/swaging kit with red handles, multiple interchangeable heads, a cutter, and a scribe in a fitted case.

Electronic refrigerant charging scale, model RCS-N9030

Model: RCS-N9030

Category: Spare Parts

An electronic refrigerant charging scale (model RCS-N9030) with a control unit, LCD display, and charging hose set in a fitted case.

Cable / hose cutter (bypass shear, blue handles)

Category: Spare Parts

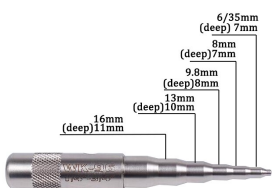

A hand-held bypass-shear cutter with blue handles for clean cuts on hose or cable.

Tube cutter (black body, straight design)

Category: Spare Parts

A straight-body black tube cutter with a blue feed knob and cutting wheel for copper/thin-wall tubing.

Manual tube expander (stepped, 1/4"-3/4"), model WK-96

Model: WK-96

Category: Spare Parts

A stainless stepped tube expander (model WK-96, 1/4"-3/4") with five graduated expansion diameters marked on the head.

Mini tube cutter, model WK-128

Model: WK-128

Category: Spare Parts

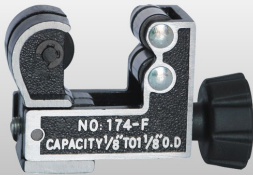

A compact blue mini tube cutter (model WK-128, 1/8"-7/8" O.D) for copper tubing.

Mobile refrigerant recovery cart with dual digital manifold gauges

Category: Spare Parts

A wheeled refrigerant recovery cart combining a dual digital gauge manifold, four color-coded hoses, and a vacuum pump.

Mini tube cutter, model NO.174-F

Model: NO.174-F

Category: Spare Parts

A compact black mini tube cutter (model NO.174-F, 1/8"-1-1/8" O.D) for copper tubing.
