

LG Component Solutions Business Unit offers meaningful and unique solutions to meet modern sustainability standards with environmentally sound and energy-efficient technologies. To continue to deliver the highest level of satisfaction to all our partners, we will continue with our technological advancements to supply only the best sustainable components and inverter total solutions optimized for residential and commercial environments.

Products from this brand

1/3 HP LG hermetic reciprocating compressor (MA62LJEM)

Model: MA62LJEM

Category: Compressors

LG MA62LJEM 1/3 HP hermetic reciprocating compressor for R134a systems, made in India.

1/4 HP LG hermetic reciprocating compressor (MA72LHEM)

Model: MA72LHEM

Category: Compressors

LG MA72LHEM 1/4 HP hermetic reciprocating compressor for R134a systems, made in India.

1/5 HP LG hermetic reciprocating compressor (MA62LJEM)

Model: MA62LJEM

Category: Compressors

LG MA62LJEM 1/5 HP hermetic reciprocating compressor for R134a systems, made in India.

1/6 HP LG hermetic reciprocating compressor (MA72LHEM)

Model: MA72LHEM

Category: Compressors

LG MA72LHEM 1/6 HP hermetic reciprocating compressor for R134a systems, made in India.

LG rotary compressor (QJ330PAA)

Model: QJ330PAA

Category: Compressors

LG QJ330PAA rotary compressor for R22 systems, 220-240V single-phase, made in Korea.

LG scroll compressor (SBA061YBA)

Model: SBA061YBA

Category: Compressors

LG SBA061YBA scroll compressor for refrigeration and air-conditioning equipment.
