

Mahboob is Nuboogh's own in-house air-conditioning line, covering floor-standing (tower) and wall-mounted split systems alongside matching outdoor condensing units — including the 24,000 BTU floor-standing model (MAH-S24000-FET3). As a Nuboogh private-label brand, Mahboob is designed and supplied directly by the company rather than a third-party manufacturer.

Products from this brand
