

Panasonic is Nuboooh's exclusive Iraqi agent for Panasonic-brand refrigeration and air-conditioning compressors, distributing both rotary and hermetic reciprocating models. The range includes the QB66C13GAX5 hermetic reciprocating compressor (R-134a, thermally protected) and a series of rotary compressors — 2K22S225BUA, 2K28C226A, and 5VS245HAA21 — manufactured under the Panasonic Wanbao Appliances Compressor partnership in Guangzhou, China.

Products from this brand

Rotary compressor 2K22S225BUA

Model: 2K22S225BUA

Category: Compressors

Panasonic 2K22S225BUA rotary compressor, black hermetic shell with accumulator and copper pipe stubs.

Rotary compressor 2K28C226A

Model: 2K28C226A

Category: Compressors

Panasonic 2K28C226A rotary compressor, thermally protected, single-phase 220V/60Hz per its label.

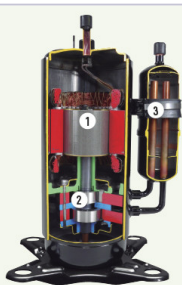

Rotary compressor 5VS245HAA21

Model: 5VS245HAA21

Category: Compressors

Panasonic 5VS245HAA21 rotary compressor, black hermetic shell with accumulator and capped copper pipe stubs.

Rotary compressor cutaway diagram

Category: Compressors

Cutaway diagram illustrating the internal construction of a rotary compressor (motor, pump, accumulator).

Hermetic reciprocating compressor QB66C13GAX5

Model: QB66C13GAX5

Category: Compressors

Panasonic QB66C13GAX5 hermetic reciprocating compressor for R134a refrigerant, 220V/50Hz, made in Malaysia.
