

Sampo Industrials have been growing and developing under the fast changing business atmosphere with the patronage of our customers and effort of our employees for 29 years. In particular, we enlarged and invested on Eumsung factory and established one lot production line of copper tubes for construction/industrial use in the belief of the 2nd foundation of our company. Our quality and confidence are being approved by not only major domestic construction companies and home appliance manufacturers but also customers all over the world.
