Dover R1234yf Quick Coupler (QC-ML)

`Model: QC-ML`

Category: Spare Parts

Dover R1234yf low-side quick coupler, model QC-ML, for A/C service hose connections.

DESCRIPTION

This is a Dover Cooling Systems R1234yf quick coupler, model QC-ML, for connecting service hoses to the low side of an R1234yf automotive A/C system without releasing refrigerant. The coupler body is anodized blue, matching the low-side color convention for R1234yf service equipment, and includes a separate brass fitting on the packaging.
