Dover Mini Tube Cutter (CT-128, 3–22mm)

`Model: CT-128`

Category: Spare Parts

Dover CT-128 mini tube cutter for copper, brass, aluminum, and stainless tube, 3-22mm.

DESCRIPTION

The Dover CT-128 is a mini tube cutter for HVAC and plumbing work, cutting copper, brass, aluminum, and stainless steel tube from 3-22mm (1/8-7/8 inch) in diameter, as printed on its packaging. It uses an alloy-steel cutting wheel and a knurled feed screw to clamp and advance around the tube. The packaging notes ISO 9001 certification.
