Tube expander / swaging tool kit (ratchet handle, deburring tool, cutter)

Brand: DSZH

Category: Spare Parts

Ratchet-handled tube expander kit with multiple swaging heads, deburring tool, and cutter.

DESCRIPTION

This DSZH tube expander and swaging kit includes a ratchet-handled expander tool with a set of interchangeable stepped heads for swaging copper tubing to a range of sizes, along with a separate deburring/reaming tool and a mini tube cutter. All pieces are housed in a molded blue carrying case.
