Rotary compressor, inverter type -- Mitsubishi Electric SNB172FJFMC

`Model: SNB172FJFMC`

Brand: Mitsubishi

Category: Compressors

Mitsubishi Electric SNB172FJFMC inverter-type rotary compressor, black hermetic shell with copper pipe stubs and rubber-mounted base.

DESCRIPTION

This is a genuine Mitsubishi Electric SNB172FJFMC rotary compressor, confirmed by the manufacturer's label on the unit, which is also marked INVERTER type. The compressor has a black hermetic shell with copper suction and discharge pipe stubs at the top, a hazard warning label for electric shock, burns, and explosion risk, and an oval mounting base with rubber-mounted feet for vibration isolation.
