Motorcycle Piston Connecting Rod Kit

`Model: HF`

Category: Motorcycle

Motorcycle piston connecting rod kit (HF) with rod, wrist-pin bushing, and needle roller bearing cage.

DESCRIPTION

This motorcycle piston connecting rod kit (model HF) includes the connecting rod, a wrist-pin bushing, and a needle roller bearing cage, supplied as a matched set for piston-assembly service. The rod has a machined big-end journal with a bronze-toned bearing surface and a polished small-end eye sized for the piston pin, and it carries the HF logo on its packaging. Install all three parts together as a set to keep bearing clearances correct.
