Copper tube coil (pancake coil)

Brand: Sampo

Category: Copper Tube

Coiled copper refrigeration tubing (pancake coil) from Sampo for HVAC line-set installation.

DESCRIPTION

This Sampo pancake coil is soft, coiled copper tubing for HVAC and refrigeration line-set installation. It is wound in a tight, matte-finish coil with no kinks, supplied uncut so installers can pay out, cut, and bend the tube to length on site. Faint embossed lettering runs along the tube surface, consistent with standard refrigeration-grade copper tube marking.
