LG scroll compressor (SBA061YBA)

Model: SBA061YBA

Brand: LG

Category: Compressors

LG SBA061YBA scroll compressor for refrigeration and air-conditioning equipment.

DESCRIPTION

The LG SBA061YBA is a scroll-type compressor from LG Electronics, distinct from LG's reciprocating and rotary compressor lines by its taller cylindrical scroll-set housing. It has a domed top fitted with a brass service valve, a side-mounted terminal box for the motor connections, and a mounting base for installation into refrigeration or air-conditioning equipment.
